Decision made by the group not to start a Neighbourhood Plan review until the new councils in both Norfolk and Suffolk are in place under the LGR reform. It was agreed this would be a waste of time and resources. The next meeting is in person at Diss Town Council offices on Monday 6 July – **Action:** *KC to attend on our behalf, Clerk will provide full details nearer the time*
- 04.09.15 **V.E.T.S:** Clerk provided update as follows – BT originally pledged to support the line costs for the emergency VETS system for 3 years. They have withdrawn this support, meaning we only received 1 free year of phone line support. HW has looked into the cost for other provision but it is proving more expensive than the £100 plus vat we currently have to pay. The current bill covers the line provision until 15 Nov 2026. The PC agreed to pay the outstanding invoice. Clerk to query with HW how many times the VETS line has been used since its set up. Defib combined with basic first aid training to be hosted by the PDCC at no hire cost on a Friday afternoon in the autumn. **Action:** *Clerk to finalise dates with HW, trainer and PDCC, and to query VETS calls to date with HW*
- 04.09.16 **To consider matters and any actions required for those relating to the Community of Palgrave -**
- a) Highways & road related issues; (i) Planned road closures on behalf of UK Power Networks in July as follows - Crossing Road 6 – 24 July, The Green Access Road 27 July – 14 August, 2-way traffic lights on Upper Rose Lane 27 July – 7 August. Note these are planned dates and may alter slightly. Crossing Road flooding all dried up. Work carried out once again by volunteers to clear blocked drains. The PC appreciate all the work done by them.
 - b) Speeding and associated matters: 20mph project: Final official approval received, meeting to be arranged with RF and Highways to review final plans again to ensure there are no unexpected additions which will add to the cost. Once ordered, a 14-week lead time is the expected delivery / installation date. Lorrywatch – Clerk, RF and KC to sign up to the scheme. **Action:** *Clerk to progress asap*
 - c) The Green: Nothing to report.
 - d) Other Open Spaces: Complaint received re a permissive footpath along the River Waveney regarding a dangerous ditch crossing. Photos and suggestions produced for discussion. TW is meeting the River Waveney Trust next week and will discuss with them. If no outcome, then clerk to query with PROW. Grass cutting- The Lows footpath will be cut next week. The 3 main areas of cutting: Crossover with old and new grass contractor which resulted in 2 cuts in a short space of time. No notice was given despite this being an important part of the new contract. **Action:** *RF to contact the new provider to explain the situation in detail and agree a way forward*
The Spinney - Himalayan Balsam needs removing from the waterways as it's causing blockages. **Action:** *Clerk to contact relevant farmers once again*
The Lows Footpath ditch – Clerk met with David Mortlock about the ditch blockages. He agreed to monitor it on a rainy day to check the flow of the ditch. He also agreed to check the culvert where it crosses from left to right for any blockages and remedy if necessary. He removed all the buddleia along the left hand side of the path.
 - e) Priory Wood: Still awaiting response from both parties as minuted last month.
 - f) Cemetery and Churchyard – Cemetery compost bin needs a complete rework. The contents are too dry as there are no openings to allow water inside. Needs replacing with a better system. Suggestion of a pallet compost bin as an alternative. **Action:** *Clerk to contact Rackhams to enquire about 4 pallets for this purpose*
Cost increase of grave grass cutting given full approval. Recent hole in Churchyard wall repaired by volunteer. The PC extend their gratitude to him.
 - g) Recent railway crossing fatality – no further information known, expect an inquest on the tragedy.
- 04.09.17 **Out of the Box -** 3 Volunteers plus the Clerk worked on 1 April to remove the glass from the box and apply paint stripper. Door removed, PC took away the old wood for disposal. The Clerk would like her thanks minuted to those volunteers as it would not have happened without them. Currently investigating sandblasting of the box but costs for this have not been included in the original estimate that our grant application was based on. PC enquiring further with a company at Beccles, Clerk enquiring with a company in Oakley. Some savings could be made from the original costs if we have the kiosk sandblasted but we will still be approx. £1500 short of the amount needed. TW to look into any resources he can help with. Sandblasting would create a better and more durable finish to the kiosk and take away a huge workload that we would once again need volunteers for. **Action:** *PC and Clerk to make further enquiries. TW to revert with any ideas for more funding support*
